
cap radius 2.0 rad, n=600 on sphere
(viewed from below the cut)
edges also in full-sphere Delaunay
lid edges, not in full graph (n=39)
cap radius 1.0 rad, n=600 on sphere
(viewed from below the cut)
benchmark size: n=5000, cap 2.0 rad
116 lid edges of 10680
kept edges
lid edges
edges
chord length
degree
mean degree
distance to cap border (rad)
full sphere (original)
crop hull (benchmark)
full graph restricted to crop
recomputed on crop, stereographic
closeness
mean closeness (on crop)
distance to cap border (rad)
crop hull (benchmark)
full graph restricted to crop
recomputed on crop, stereographic
which nodes get lid edges
lid edges per node
distance to cap border (rad)
